interest in people, if he does he wouldn't, always ask people for money. The guys a million-

TV: Is all the violence blown out of proportion?
 Brett: It's not a real problem but the media hypes it alot.
 Greg: Yea it's real violence but the media hypes it alot.
 JayB: the fights like somebody says some punks vs. punks so they fight, once in awhile there's a real good one though like 6 guys vs. 10 or even better, full gang stabbed that's fun, the people that get media blows usually deserved it, then the media blows it all out of proportion. That's usually when the shit hits the fan in L.A. the cops go nuts and beat up everybody on the scene. It gets pretty hairy with the cops cuz they make kids and beat them up just about it from the Flipside article

BAD RELIGION were interviewed by TV some-time in Oct.

 Greg: At least one every gig.
 Brett: one...
 JayB: Not too many, i'm usually way too drunk!!
 TV: What's been your best show so far?
 Group: We played with the DEAD KENNEDYS in San Diego. That was a good one. There's a show coming up called SLAM 81 with FEAR, TSOL, us (BAD RELIGION, CHINA WHITE and about 10 other bands, that one will be way hot!!

 TV: What LA bands are your favorites...
 Greg: I don't have any favorite LA bands... UK SUBS!!!
 Brett: THE ADOLESCENTS, but they broke up, the RAMONES...
 Jay B: WASTED YOUTH TSOL, you know the typical LA band scene...
 TV: If you saw Jerry Falwell walking down the street what would you do?
 Brett: I would tear off his eyelids so he would have to see the real world around him, then I would cut his toungue out so he couldn't tell any more lies.
 Greg: I'd box him for the belt!!
 Jay B: i'd go right up to his face, call him a liar and a sinner, then I'd blow his fuckin' brains out. I hate that guy, all he wants is money, money, i really don't think he has a true

aire and he denies it.
 TV: How's the response been from the religious community?
 Jay B: One time brett spray painted bad religion on a wall and next day it was crossed out and somebody wrote victory in christ so we crossed it out and put victory in ignorance.
 TV: Who's the biggest asshole in LA?
 Group: all the fucking posuer little faggots that think their the meanest thing since Sid. They're the assholes of LA

 TV: Opinion of San Fransisco?
 Greg: i don't really like all the people but the city is cool, if it didn't always smell like cum.
 Brett: It's a cool town and it's cold with lots of hills and trollys you can ride on for a quarter.
 Jay B: I'ts weird up there. i mean people are freaked out on drugs or something. I love the city structural wise it's bitchen and the nude ladies you can see for a quarter that's OK.

 Brett: I don't know.
 Greg: living and breathing.
 Jay B: nothing but a little of everything.. maybe a sail around the world in an 8 foot rowboat or something

Scene. It gets pretty hairy with the cops cuz they make kids and beat them up just about it from the Flipside article
